

## Product Highlights/Editor's Picks

### MyBottleBuddy by TrendyMomz Inc.

It's great for feeding babies anywhere and anytime. A bottle that allows baby to feed themselves.

**Features:**

- \*Twins and multiples can now feed at the same time, even before they can hold the bottle themselves.
- \*Babies can feed in the upright position recommended by pediatricians. Feeding upright helps reduce colic, gas buildup

and ear infections caused by excess air intake from conventional bottles.

\*MyBottleBuddy can be used with nearly any beverage, including breast milk, liquid formulas, and juice.

\*MyBottleBuddy can help reduce the stress that parents and babies experience in this busy world

You can purchase MyBottleBuddy at: [www.trendymomz.com](http://www.trendymomz.com)

### Baby Babble by Talking Child™

A video created by speech pathologists designed to boost speech and language in young children.

**Features:**

- \*Appropriate for children 3 months to 30 months and their caregivers.
- \*Use it at home, in daycare, or in the car.

\*Includes a free parent tutorial.

\*It introduces your child to age-appropriate speech and language concepts, facial exercises, and sign language.

### "Please Wash" Signs by My Tiny Hands

It is always hard to find a way to ask people not to touch your baby's hands. Now you don't have to. The "Please Wash" signs by My Tiny Hands will do it for you!

**"The biggest danger to babies is other people's hands."**

**Features:**

- \*Signs can hang from almost any stroller, car seat or baby carrier with

the attachment ring

\*The bright color, stop sign shape, and large text make it almost impossible for anyone to miss.

\*Signs are 3.5" X 3.5" & come in blue & pink.

\*Signs are washable, weather proof and reflective.

You can purchase Please Wash signs at: [www.mytinyhands.com](http://www.mytinyhands.com)
